

Fort Monroe Recycles!

POC x2444

Fort Monroe Offers Three Options for Recycling

1. Recyclable Drop off at Building 81 (Recycle Center)
2. Office and Administrative building collection program
3. Curb-side Program for residents

Recycle Center Services

Building 81 is open Monday through Friday
7:30AM – 3:30PM.

Acceptable materials include white paper, aluminum cans, cardboard, mixed (color) paper, telephone books, old magazines, toner cartridges and scrap metal. These items may be dropped off anytime during operating hours. Scrap metal shall be dropped off behind the building in the scrap yard, please adhere to the posted rules.

Office and Administrative Building Program

This program offers employees the ability to recycle white paper, old magazines, cardboard, toner cartridges, telephone books, plastic bottles and aluminum cans at the work place. The recycle team has scheduled pickups times for each building. If your building needs extra bins please call x2444 or x3166 to put in a request.

Please put paper from faxes, copiers, note pads and printers in the labeled white paper bins. It is fine if colored ink is on the white paper. Cardboard should be flattened and neatly stacked next to any recycle bin. If a large quantity of cardboard exists, please call x3166 to schedule a pickup via the recycle team. Toner cartridges may be stacked neatly next to any recycle bin and clearly marked as “used” or “old”.

Please NO trash, food, food wrappers, paper towels, tissues, plastic report covers, spiral binders, or cigarette butts. These items are not recyclable and must be picked out by hand.

Residential Curbside Program

Post residents in government quarters have curbside pick-up every Tuesday. Residents can recycle aluminum cans, bi-metal cans, newspaper, plastics 1 & 2 (milk jugs, water bottles, soda bottles), and glass in the provided blue bins. Questions or concerns should be addressed to x2444.
